

Place Settings and Points in Time
anthologies of words and images from East Perthshire
edited and designed by Joan Lennon

These anthologies were produced as part of Joan Lennon's remit as writer-in-residence for Perth and Kinross. The writing was submitted by members of the public and pupils from local schools, many of whom had taken part in workshops led by Joan. The drawings, paintings and photographs were chosen from work done by students of Blairgowrie High School. The anthologies were launched at the Bookmark Book Festival 2014 and 2015.

(The writer-in-residence post was a joint initiative of Perth and Kinross Council, Creative Scotland and the Bookmark Festival, and was funded by Creative Scotland through Perth and Kinross Council's Place Partnership scheme)

(Points in Time was funded by the Scottish Hydro Drumderg Community Fund)
